Activities and goals:

Membership: The selection of Hardin-Simmons University in Abilene as the site of the 2016 chapter meeting reflects an interest in reaching prospective membership outside of the I-35 and I-45 corridors, improving access to meetings for those residing farther west.
- Goal: A list of institutions and librarians to invite directly has been generated and invitations will be sent in September.

Database: The Texas Composers' Database is on schedule to be populated with information for the initial set of names by the October 7-8 meeting in Abilene, TX.
- Goal: With this first phase complete, the committee and interested members will decide next steps at the meeting in Abilene, including infrastructure and future expansion.

The chapter archives have still not been received from the University of Maryland. Goal: status report and action plan for Chapter meeting in October.
